Valuable Load of Tobacco

Stuck Fast in Mud Hole.

A load of tobacco estimated to be worth \$250, is stuck in a mud hole on a road near Cairo, with the water standing almost to the top of the wagon bed.

The tobacco belongs to a Mr. Coley, of near Tilden. He started to the city Friday with the weed. When near Cairo his team stalled and could not budge the load from the mud in which it seemingly was firmly stuck, and eight good mules failed to move the wagon.

The rain Friday night started the water flowing in the road and it is said Saturday morning the water was almost over the top of the wagon.

Mr. Coley was in the city Friday night and is quoted as saying the load of tobacco was worth \$250. — Henderson Gleaner.

Huge Aircraft Drops Thirty Bombs In the City—Thirty Citizens Wounded.

Paris, Feb. 8.—A German Zeppelin appeared over Paris at 9:20 o'clock tonight. It dropped a dozen bombs killing ten people and wounding thirty.

Ballard Bonds Going to Float.

Brooks Says No Difficulty.

Ballard county will have no trouble in floating its \$300,000 worth of bonds, according to W. F. Brooks, U. S. senior highway engineer, who returned Thursday evening from Wickliffe. Agents of several companies are in Wickliffe now arranging for the purchase of the bonds.

Surveyors have already started work on a road which Ballard

county proposes to build from Wickliffe to the Carlisle county line, near Bardwell, the county seat, and it is expected that they will complete their labors within the next two or three weeks.

Another road which has been mentioned, but upon which the Ballard fiscal court has not yet taken action, is one which would extend from Blandville, in the east section of the county, to Wickliffe on the Mississippi river. — Paducah Sun.
